<b>Background on the question</b>	Want certainty about the scope of application of Articles 339 and 340.
<b>EBA answer</b>	<p>Articles 339 and 340 of Regulation (EU) No. 575/2013 (CRR), which specify the calculation of own funds requirements against general risk for debt instruments as part of the determination of own fund requirements for market risk, only refer to positions in debt instruments booked in the trading book.</p> <p>According Article 92(3)(b) of the CRR, the notion of "position risk", used to determine the own fund requirements for positions in debt and equity instruments, is indeed applicable only to the trading book.</p>
