**NOTIFICATION ON UNAVAILABILITY OF DEPOSITS AT BANK:**

**- TESLA ŠTEDNA BANKA D.D., ZAGREB, CROATIA**

Croatian State Agency for Deposit Insurance and Bank Resolution guarantees the protection of the funds of depositors of credit institutions and thereby increases the reliability and stability of the financial sector.

Croatian National Bank (Supervision Authority <https://www.hnb.hr/-/hnb-predlozio-otvaranje-stecajnog-postupka-nad-tesla-stednom-bankom-d-d-zagreb>) as of 21<sup>st</sup> February 2018 the decided to withdraw the license of the savings bank Banka splitsko-dalmatinska d.d., Split, Croatia – (date of determination of the unavailability of deposits) and appointed its temporary administrator.

The direct reason for the determination of unavailability of deposits was the fact that assets of this bank were not sufficient to meet its obligations.

The credit institution possessed 7 depositors with the deposits compensation to EUR 1.014

According to the size of the property it was the smallest (33<sup>rd</sup> out of 33) credit institutions in Croatia.

The deposits reimbursement started on February 26<sup>th</sup>, 2018 (3<sup>rd</sup> working day). The bank agent (Hrvatska poštanska banka p.l.c., Zagreb, Croatia) reimburses deposits to the depositors.

The Agency continues the reimbursement process until February 20<sup>th</sup>, 2021.

Sincerely,

**Marija Hrebac  
Executive Director**
