Sustainability at the EBA

As an EMAS registered Agency, the EBA is committed improving its environmental performance and reducing its carbon footprint.

HOW CAN YOU CONTRIBUTE TO A GREENER EBA?

Choose sustainable means of transport: travel by train instead of flying, select direct and low emission connections, use public transport.

Stay in green-certified or eco-labelled accommodation close to the meeting venue.

Choose vegetarian or vegan catering options.

Reduce the printing of documents by consulting and sharing them digitally.

Compensate the carbon footprint from your travel with transport companies or dedicated offsetting schemes.

You can find more information on the EBA’s engagement to become a greener agency on our website.

Thank you for your contribution.

Together we can make a difference.
