| <b>Q&amp;A</b>                                                                     | <b>11:55-12:25</b> |
| <b>Closing remarks</b>                                                             | <b>12:25-12:30</b> |

## Day 2. Expanding the reporting universe: efficiently managing new reporting requirements

---

**Thursday, 12 November 2026**

09:00 – 12:45 CET

|                                                                                                                                                 |                     |
|-------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| Participants joining Day 2 of the workshop.                                                                                                     | 09:00-09:05         |
| <b>Opening remarks by Meri Rimmanen, Director of Data, Reporting and Transparency Department</b>                                                | <b>09:05-09:15</b>  |
| <b>Module 2. Experience from expanding the EBA reporting landscape</b>                                                                          |                     |
| <b>2.1. MiCAR reporting and data at EBA</b>                                                                                                     | <b>09:15-09:40</b>  |
| <b>2.2. DORA Reporting of Register of Information (RoI) and use of data in designation of critical ICT third-party service providers (CTPP)</b> | <b>09:40-10:00</b>  |
| <b>2.2. DORA incident reporting</b>                                                                                                             | <b>10:00- 10:15</b> |
| <b>2.3. Fraudulent payments data collection and use at EBA</b>                                                                                  | <b>10:15-10:30</b>  |
| <b>2.4. Instant Payments Regulation (IPR) reporting and use of data at EBA</b>                                                                  | <b>10:30-10:50</b>  |
| <b>Q&amp;A</b>                                                                                                                                  | <b>10:50-11:20</b>  |
| <b>Coffee Break</b>                                                                                                                             | <b>11:20-11:35</b>  |
| <b>Module 3. Building a more effective and efficient reporting framework today</b>                                                              |                     |
| <b>3.1. Current proposals for changes to supervisory reporting</b>                                                                              | <b>11:35-12:00</b>  |
| <b>3.2. Improving coordination of supervisory and resolution data requests</b>                                                                  | <b>12:00-12:20</b>  |
| <b>Q&amp;A</b>                                                                                                                                  | <b>12:20-12:40</b>  |
| <b>Closing remarks Day 2</b>                                                                                                                    | <b>12:40-12:45</b>  |

## Day 3: Future of reporting: integrated and data-centric

---

**Friday, 13 November 2026**

09:00 – 13:00 CET

|                                                                                                                                                                                                                                          |                    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| Participants joining Day 3 of the workshop.                                                                                                                                                                                              | 09:00-09:05        |
| <b>Opening remarks by Meri Rimmanen, Director of Data, Reporting and Transparency Department</b>                                                                                                                                         | <b>09:05-09:15</b> |
| <b>Module 4. Providing tools to support the reporting and disclosure experience</b>                                                                                                                                                      |                    |
| <b>4.1. From DPM1.0 to DPM2.1: Advancing data modelling and supporting tools</b>                                                                                                                                                         | <b>09:15-09:45</b> |
| <b>4.2. Pilar 3 Data Hub (P3DH): Recent developments and next steps</b>                                                                                                                                                                  | <b>09:45-10:30</b> |
| <b>4.3. Strengthening data sharing through the EBA Data Hub</b>                                                                                                                                                                          | <b>10:30-11:00</b> |
| <b>Q&amp;A</b>                                                                                                                                                                                                                           | <b>11:00-11:15</b> |
| <b>Coffee Break</b>                                                                                                                                                                                                                      | <b>11:15-11:30</b> |
| <b>Module 5. Forward-looking perspective in supervisory reporting</b>                                                                                                                                                                    |                    |
| <b>5.1. Overview of recent and upcoming reporting requirements:</b> <ul style="list-style-type: none"> <li>• Third-country branches</li> <li>• IMVV</li> <li>• IFRS 18</li> <li>• AMLA modules</li> <li>• FRTB</li> <li>• ESG</li> </ul> | <b>11:30-12:00</b> |
| <b>5.2. Forward looking planner for changes in reporting requirements</b>                                                                                                                                                                | <b>12:00-12:15</b> |
| <b>5.3. Towards integrated reporting: The Long-term vision</b>                                                                                                                                                                           | <b>12:15-12:30</b> |
| <b>Q&amp;A</b>                                                                                                                                                                                                                           | <b>12:30-12:45</b> |
| <b>Closing remarks Day 3</b>                                                                                                                                                                                                             | <b>12:45-13:00</b> |
