Reporting Decision in order to extend the obligation of the competent authorities to also cover data in relation to Smaller Institutions.

- (4) There is a need to amend the Reporting Decision in order to ensure that competent authorities consider as Largest Institutions in the Member State the three largest institutions in their Member State and the three largest banking groups in that Member State. Where the three largest institutions are at the same time the three largest banking groups, then competent authorities should submit to the EBA data for these three groups. Where, however, the three largest groups do not coincide with the three largest institutions, competent authorities should submit data for all three largest banking groups and the three largest institutions in their Member State. Reporting data for all three largest institutions and three largest banking groups in a Member State is key to ensure that confidentiality is best preserved where aggregated data are published by the EBA.
- (5) To achieve maximum data quality and ensure consistency of data submitted to the EBA and the ECB, a sequential approach should be encouraged: where data referred to in this decision has been submitted to the ECB by the competent authorities and the ECB forwards those data to the EBA in accordance with this decision, then those competent authorities should refrain from submitting those data to the EBA.
- (6) There is a need to set out transitional provisions in order to allow the competent authorities to implement this decision. Submission of supervisory and financial reporting data for smaller institutions should commence with 31 December 2020 as the first reference date. Furthermore, for the reference date of 30 June 2020, competent authorities may submit to the EBA the data related to COVID-19 in compliance with the Moratoria Reporting and Disclosure Guidelines either using XBRL files, or through an Excel template. From the reference date of 30 September 2020 onwards, this data shall be submitted through EUCLID using XBRL files exclusively.

#### **Has decided as follows:**

##### **Article 1 – Data to be reported**

1. The competent authorities, referred to in point (i) of Article 4 (2) of the EBA Regulation, shall submit to the EBA in accordance with the provisions set out in this decision:
  - a. supervisory and financial reporting data, which the competent authorities receive from credit institutions in accordance with the relevant provisions of the Reporting Regulation;
  - b. data on funding plans received from credit institutions in compliance with the Funding Plan Guidelines; and
  - c. data related to COVID-19 in compliance to the Moratoria Reporting and Disclosure Guidelines.

2. Notwithstanding paragraph 1 (a), the competent authorities shall not be obliged to submit financial reporting data for credit institutions which are not subject to that kind of reporting in accordance with Part Seven A of the Capital Requirements Regulation.
3. Where the ECB has submitted data referred to in paragraph 1 to the EBA, the relevant competent authorities shall, without prejudice to Article 4 (2), refrain from submitting those data.

4. The competent authorities shall categorize as Smaller an institution that does not meet any of the criteria referred to in paragraph 3 for three consecutive years.

5. If a Smaller Institution changes category, or in case of changes, such as mergers or acquisitions, affecting an institution categorised as a Largest Institution in the Member State, the competent authority shall submit a notification to the EBA in accordance with the EBA Decision on EUCLID without undue delay and shall commence data submission on the basis of the new category where the institution now belongs ideally from the first relevant interval (month or quarter). All submissions of the first relevant interval (being monthly or quarterly) shall be made at the latest when the quarterly data for the first quarter after the institution has changed category is submitted.
6. The EBA shall publish the list of the Largest Institutions in the Member State on its website.

### **Article 3 - Date of submission**

1. The competent authorities shall submit to the EBA the data referred to in Article 1 as follows:

1. With the submission of the relevant data to the EBA, the competent authorities warrant the data has undergone rigorous internal controls and quality checks. Where the competent authorities cannot warrant this for a particular set of the data submitted, the competent authorities shall draw the EBA's attention thereto.
2. The EBA may conduct additional quality checks of the data received to ensure consistency. For Largest Institutions in the Member State, the EBA may require revisions from the competent authorities.

3. The EBA shall make the results of applied quality checks available to the competent authorities, limited to the Largest Institutions in the Member State. Results for Smaller Institutions will be made available upon request by the competent authorities.

#### **Article 5 - Confidentiality and technical specifications**

1. All data submitted to the EBA according to this decision shall be covered by the EU law framework of professional secrecy and confidentiality and protection of personal data as applicable to the EBA. Access to this data shall be provided in conformity with the EBA Regulation.
2. The data referred to in this decision shall be regarded as Information submitted through EUCLID and the EUCLID Decision shall apply.
