Notes and definitions
(1) The exposures reported over only exposures to certral, regional and local governments on immediate borrower basis, and do not include exposures to other counterparts with full or partial government quarantees
(2) The banks disclose the exposures in the "Financial assets held for trading" portfolio after offsetting the cash short positions having the same maturities.
(3) The exposures reported include the positions towards counterparts (other than sovereign) or sovereign credit risk (u.e. CDs, financial quarantees) booked in all the accounting portfolio (on-off balance sheet). Irrespective of the denomination and or accounting classification of the positions
the excounting substance over the form must be used as a chrelar for the delethification of the exposures to be include exposures to counterparts (other than sovereign) with full or partial government guarantees by central, regional and local governments
