# 1. Executive Summary

---

The EBA has assessed confidentiality regimes of third countries with respect to Article 116 (6) CRD. The results were published in a first set of Recommendations in 2015, which were amended in December 2017 and June 2018, to include other third-country authorities that were assessed as equivalent. As the assessment is an ongoing process, and the EBA has since then completed the assessment of a further set of authorities, the outcomes of these new assessments are reflected in the present amending Recommendations.

## Next steps

The Recommendations will be translated into the official EU languages and published on the EBA website. The deadline for competent authorities to report whether they comply with the recommendations will be two months after the publication of the translations. The recommendations will apply from *[Publication date +1]*.

## 2. Background and rationale

---

Article 116(6) of the Capital Requirements Directive provides the following:

*'The competent authorities responsible for the supervision of subsidiaries of an EU parent institution or an EU parent financial holding company or EU parent mixed financial holding company and the competent authorities of a host Member State where significant branches as referred to in Article 51 are established, ESCB central banks as appropriate, and third countries' supervisory authorities where appropriate and subject to confidentiality requirements that are equivalent, in the opinion of all competent authorities, to the requirements under Chapter 1, Section II of this Directive and where applicable, Articles 54 and 58 of Directive 2004/39/EC, may participate in colleges of supervisors.'*

The EBA shall, under Article 21 of the EBA Regulation, promote the efficient, effective and consistent functioning of the colleges of supervisors and foster consistent application of European Union law within the colleges of supervisors. For that purpose, and in accordance with paragraph 3 of Article 21 of the EBA Regulation, the EBA may exercise its powers, in particular to issue guidelines and recommendations in accordance with Article 16 of the EBA Regulation and to promote convergence in supervisory functioning and best practices adopted by the colleges of supervisors. Furthermore, the EBA shall provide assistance, in accordance with Article 33 of the EBA Regulation, on equivalence issues.

With the authorities included in these amending Recommendations, the EBA has proceeded to perform its assessment to evaluate the professional secrecy and confidentiality regimes applicable to third-country supervisory authorities. These assessments will also be continued in the future.

These Amending Recommendations are issued on the basis of Article 16 of the EBA Regulation and are aimed at informing the opinion of the competent authorities, as referred to in Article 116(6) of the Capital Requirements Directive. The EBA expects to receive confirmation of the competent authorities' compliance or of their intention to comply irrespective of whether an actual case of college participation exists.

## Reporting requirements

According to Article 16(3) of Regulation (EU) No 1093/2010, competent authorities must notify the EBA as to whether they comply or intend to comply with these recommendations, or otherwise with reasons for non-compliance, by ([dd.mm.yyyy]). ### 5.1 Fehmiet tal-Grupp ta' Partijiet Ikkonċernati Bankarji (BSG)

Wieħed mill-membri tal-BSG ippovda feedback iddettaljat dwar l-aħħar żviluppi fil-Moldova, filwaqt li nnota li matul l-aħħar tliet snin il-Bank Nazzjonali tal-Moldova ddedika ħafna sforzi fir-riforma tas-settur bankarju tiegħu f'termini ta' qafas regolatorju u superviżorju. B'mod partikolari, il-Moldova qed tagħmel it-tranžizzjoni minn Basel I għal Basel III, filwaqt li fl-1 ta' Jannar 2018 daħlet fis-seħħi il-Ligi l-ġidida dwar l-Attività Bankarja, li tirrifletti mill-qrib id-Direttiva 2013/36 tal-UE dwar ir-Rekwiziti ta' Kapital (UE).

Is-settur bankarju nnifsu qed jinbidel b'mod sinifikanti, u nofsu issa huwa kkontrollat minn gruppi bankarji kbar transkonfinali tal-UE. Is-sitwazzjoni finanzjarja tal-banek tjiebet dan l-aħħar (il-banek huma kapitalizzati tajjeb, għandhom likwidità eċċessiva, huma profittabqli, is-self improduttiv huwa rikonoxxut fil-karti tal-bilanċ tagħhom) u attwalment il-fokus tal-NBM huwa fuq it-tiġħiġ tal-governanza interna u l-ġestjoni tar-riskju tal-banek.
